

T 8. Samengestelde woorden deel 1.

Doel:

Taalbegrip.

Spelen met taal

Het spel wordt gespeeld met tweetallen.

Op de tafel staat een bakje met daarin plaatjes met een blauw kader.

Bijvoorbeeld van een bloempot.

Dit is een samengesteld woord d.w.z. dat het woord uit 2 verschillende woorden bestaat.

Uit welke 2 woorden bestaat het woord bloempot?

Uit bloem en uit pot.

De woorden met het gele kader (eerste deel van het woord) liggen in een bakje op tafel, de woorden met het groene kader liggen in een ander bakje op tafel.

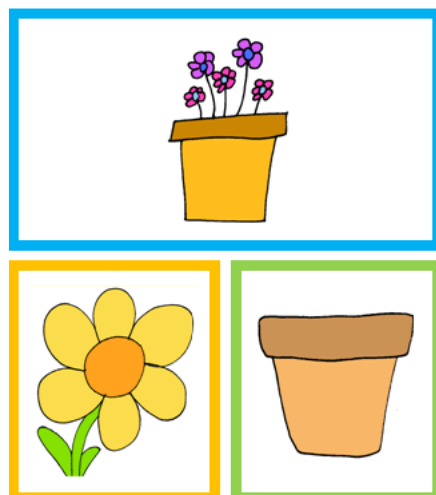

Persoon 1 zoekt het eerste deel van het woord en persoon 2 zoekt het tweede deel. Daarna samenvoegen en kijken of het woord klopt.

Uitbreiding/ variatie:

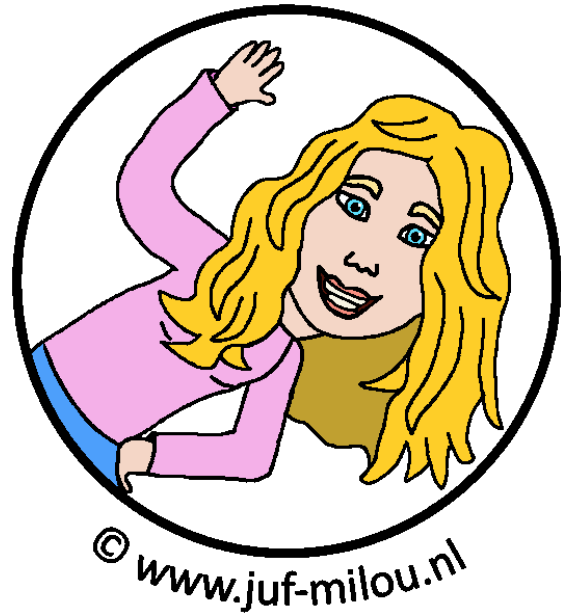

Leg de kaartjes op verschillende plekken in de ruimte. Dan moet je het woord vasthouden in het geheugen. (korte termijngeheugen trainen).

Deze activiteit kun je bij mooi weer ook buiten doen.
